

Cedar Tree Cattery

Terms & Conditions

Introduction

In accordance with current animal welfare guidelines, Cedar Tree Cattery has been purpose-built to a high standard. We are fully insured and registered with the Local Authority.

Our eight spacious chalets are designed with sneeze barriers to prevent contact and cross-infection between boarders. The premises are heated to ensure a comfortable stay. We provide stimulation and interaction, with a wide selection of feline toys. Soothing music is played throughout the day to promote relaxation.

We encourage owners to bring familiar bowls, beds, blankets, toys, or soft clothing – as familiar scents can help reduce stress. All items must be clean, safe and in good condition.

Each pen includes:

- ☛ Play curtain
- ☛ Secret bed
- ☛ Raised bed
- ☛ Heated blanket pad (if required)
- ☛ Scratching post
- ☛ Climbing platform
- ☛ Litter tray with clumping cat litter
- ☛ Stainless steel food & water bowls
- ☛ Soft blankets – and in larger pens, an armchair for a homely feel.

We maintain a constant temperature of 15°C or above. Regular checks are carried out throughout the day and evening. A night check is also done to

ensure your cat's wellbeing. Any concerns will be noted and professional advice sought where needed.

On booking, owners can notify us of any special needs or dietary/medical requirements and preferred feeding times. We will do our best to match these routines.

We also weigh each cat on arrival and departure for your peace of mind. You will be asked to complete our Booking Form and Vet Form for each stay.

About Us

Welcome to Cedar Tree Cattery! We are a local cattery attached to our home, run by husband and wife team Gary & Joanne.

We aim to provide a loving and professional environment for your cat's stay. There is a long history at this site - previously used by other cattery owners and before that by a cat protection charity. We are proud to continue this tradition.

We have four cats ourselves - Romeo, our eldest gentleman (rescued as a kitten), Luna (a Siamese/Ragdoll), and two Ragdoll kittens, Bertie & Lilly.

Joanne has 35 years of healthcare experience, which she now uses to help ensure the safety and wellbeing of all staying cats. Gary is a gardener and animal lover - we also have over 50 rescued chickens and 7 ducks.

We are excited to welcome you and your feline family to Cedar Tree Cattery! Visits are by appointment only - please call to arrange a viewing.
